

Parking exemption card terms of use

The provided parking exemption card allows you to park your vehicle free of charge in any metered Palmerston North City Council carparks within the city centre area.

These cards cannot be used to park down George Street, in leased parks, contractors parks, on yellow lines and in Council vehicle only parks.

Time limits do not apply unless they are specified on the card.

All parks are based on a first in first served basis. It is not guaranteed a park will be available.

If no parks are available then normal parking prices and restrictions will apply.

During the case of a major event, some roads may be closed around/or in Te Marae o Hine - The Square. You will then need to find a park in another location.

Palmerston North City Council and the Palmy Conference + Function Centre are not responsible for any fines you may get if you use the card incorrectly or misunderstand any of the terms of use.

Make sure your card is displayed correctly facing up on the dashboard of your vehicle, otherwise you may receive a fine.

Key
