

NPD Technologist – Leader

Do you have a mix of Product Development Management and QA? Do you wish to put your flare for innovation to the test? The read on...

- South Auckland location
- Be part of the senior leadership team
- Work with international clients and formulations

The Company

This Auckland based, contract manufacturing company is fast moving and innovative, developing infant to adult nutritional powders and other nutritional products. Their purpose build plant is a one stop solution for formulations, regulation checks, sourcing, blending and packaging for export. The plant has been built to comply with New Zealand Food and Safety Standards with extensive consideration for exporting regulations. They run several state-of-the-art production, canning, pouch and sachet packaging lines.

The Opportunity

This hardworking team needs a leader to assist in concept to commercial creations. Being part of the Senior team, you will work to develop dairy and nutritional powders and drink formulations to the specifications provided by clients. You will be responsible for concept to commercial innovations. The role will vary from developing formulas, costing products, sourcing high quality product, stage gate testing, sensory testing, nutritional information and label content for export country. You will also assist the QA manager on QA tasks.

You will find this role is varied, challenging and rewarding.

Skills & Experience

You will need the following to be successful in this role:

- Tertiary qualification in food science
- Minimum 4 years of experience in both dairy and non-dairy powder formulations, expertise in nutritional drink formulations preferred
- Experience in Food Quality Assurance and RMP system
- Experience in food sensory testing, flavours, ingredients, nutrition panel information
- Established relationship with raw material suppliers
- Good knowledge and connection for sourcing raw material
- Familiar with Chinese and New Zealand food regulations
- Experience in QA/QC will be an advantage

The following traits will come naturally to you:

- Excellent detailing and documentation
- Great written and verbal communication skills
- Remain calm under pressure

You will need to be based in Auckland and hold rights to work in New Zealand, either by work visa or NZ residents for consideration for this role.
