

Product Development Technologist – Contract Role

Are you excited about working with start-ups and small/medium sized businesses from around New Zealand?

This is an opportunity to work for a rapidly growing Food Science consultancy across a diverse range of New Zealand FMCG customers.

We are looking for a full-time permanent team member with between 1 and 5 years' experience in food or beverage product development who can work independently delivering on a variety of exciting NPD projects.

You will be part of an experienced team so training and support will be provided and because we are a small business, you will get to experience all aspects of the NPD process. So, there will be great opportunities to learn and develop your skills.

The role is lab based, so will really allow you to get creative. We are centrally based in Kingsland, Auckland.

If you want to have an initial chat or if you would like more details about the role , email sam@bfgs.co.nz.
